The Premises:

Clean ground floor flat, at most 10 minutes walk from Surbiton station. The area and road are pleasant and it feels totally safe.

The Lady:

Oriental. Small and very slim with long dark hair. Small breasts with nice prominent nipples. Looks just like her pics on a well-known site except that, thankfully, she wasn't wearing all that lipstick.

The Story:

It was very easy to contact Sissy and her communications were excellent throughout. When I got there she put me at ease straight away by snogging me before we had got anywhere close to doing the paperwork. She makes you feel that you are a special boyfriend. It was easy to set the agenda; she tells you what she likes and finds out your likes too. There was OWO, 69, sex with her on top and mish to finish, all interspersed with passionate kissing. The tempo was just right for me and I easily filled my time without ever feeling I was being hurried. The only slight negative was that her phone was on vibrate and it was buzzing away a couple of times, but at least she made no move to answer or to look at it!

This was an outstanding session. She didn't quite capture my heart, but I do find myself thinking about her and planning my next visit. Very highly recommended.
