The Premises:

The location was a very nice, spacious flat in what seems like a nice area, just 10 minutes walk from Paddington station. I'd quite happily live there myself, and I'm rather fussy...

The Lady:

Absolutely beautiful. A very cute face, especially when she smiles, and a fantastic body as well, with nice big-but-pert boobs. Everything I look for in a woman, basically.

The Story:

As soon as I arrived, I was treated to a great big French kiss, and things just got better from there on. We started off with a chat on the bed while we kissed and played with each other, and to be honest I could have just carried on like that for an hour because Lucia is just lovely. Then she started giving me OWO, which was excellent, but made even better when her hand started wandering. As much fun as I was having being treated like a king, I had to return the favour, and I've never had so much enjoyment going down on a girl in my life. Then we had sex in a couple of positions, until it was time for me to leave, which took ages because we kept having to have another kiss and cuddle.

I think I can safely say that this was an experience that will stay with me for the rest of my life. I will never forget Lucia, she is an extremely special girl. I felt like we really connected, and I've spent every minute since thinking about how I can get back to see her again.

Lucia, if you read this, come to Scotland and I'll show you that thing we talked about!
