The Premises:

Lovely area of Harrogate in some older houses converted into flats. Rang the door bell and as she was expecting me was let in immediately and went straight to her ground floor flat.

She was wearing a secretarial look to her with her white blouse and short black skirt enabling me to catch a glimpse of her stockings and suspenders that she had on underneath. She looked a treat. Shown into a very pleasant tidy living room and offered a cup of coffee. Jane then brought it in for me and sat with me while I drank it and had a nice chat.

After a few minutes we progressed to the bedroom. A double bed with a large window with curtains closed but sufficient light available.

The Lady:

Jane is about 50 and very attractive. Looks great in her outfit. Jane is a lady who is not skinny but she is also not fat at all. Let me say if you like to get a hold of female flesh she has just enough to enable you to do this. Great tits that are all her own, she has an ample sufficiency.

The Story:

Time to move into the bedroom to enjoy my time with Jane. That's why I'm here.

I removed all my clothes except my pants and came to her and we kissed near the bed. I had a good grope of her especially feeling her suspenders which I love and then she sat down on the side of the bed and proceeded to find my hard cock from inside my pants and soon they were by my ankles as she sucked on it in a very sensual manner without a condom, slowly but surely should we say.

After a few minutes I decided that I should lay on the bed and she drew up next to me so I removed her nickers, as you do, and we cuddled and carressed for some time before she decided that she wanted more of my cock and who was I to stop her!

She spent some time there whilst I played with her tits and fanny with my fingers. It was getting very wet and I decided that I wanted to get there with my tongue and to taste her juices.

We assumed the 69 position and nothing would stop me until she came. She loves it. Some ladies are extremely sensitive after a cum but Jane was happy for me to carry on and after a while she had another. I do enjoy being able to bring this pleasure and it makes the meeting that much better for both parties. Means I get more cock sucking too!

More cuddles and kisses, at least one more cum for Jane (maybe two) more cock sucking for me (and her-she really enjoys it)

Then as time was moving on it was condom time and she came on top of me by request. I always

like to see the lady I am fucking and to be able to play with her boobs. She was talking dirty too. After a while had a great cum in her and lay on bed to recover before getting dressed. Sadly it was back to the reality of the big bad world after that!

I can thoroughly reccomend Jane to anyone. I find the more mature lady always has more time for you and it is almost always a quality experience. Will definately be back.
