The Premises:

Upmarket House in central London. Very clean, nice decor. Very safe, nice area inbetween South Kensington and Gloucester Road. Easy to find and didn't feel like I was being watched. Door answered very promptly. Offered a drink on arrival.

The Lady:

See pictures on website, but she is far more beautiful. Stunning BROWN eyes (don't ever make the mistake that they are blue!!!) Perfect proportions, physical perfection. Personality and attitude even better.

The Story:

I am writing this field report as I am in fear of what will happen if I don't. I will be returning to see Pixie again and again and do not want to get on the wrong side of her!

I have never in my life met anyone as sexy, beautiful, funny, intelligent, scary or amazing as Pixie. The list of superlatives could go on and on. This was my second visit to see Pixie in the space of 2 weeks. I had to return to make sure the first time wasn't a fluke and I'm pleased to say it was even better (I didn't think this would be possible).

Be very careful... If you choose to see Pixie, she will ruin all other women for you as you will be comparing them all to her and they will all come up short!

GFE is a term which is banded about with abandon these days and Pixie does not provide a GFE.... What she does is so far beyond that. In the (sort of) words of Rhianna, she made me feel like I'm the only boy in the world. So sensual, sweet, funny and easy to be around. Within the first minute it was like being with an old friend.

She also has a really naughty, sexy dominant streak so for all you subbies out there I am sure you would be more than taken care of!

I'm not going to go into detail (sorry guys) but all I will say is that you will never spend better time in your life than you will in the company of Pixie.

Just make sure if she asks you what colour her eyes are you get it right!

Treat this woman with respect, make her smile, make her cum, she deserves it.

I think I may be in love.
