The Premises:

Christine's apartment was very easy to find, and is within a short (5/10) minute walking distance from South Kensington and Sloane Square tube stations. It was clean and warm, especially as it was cold outside.

The Lady:

Stunning, lovely hair, plenty of curves in the right places.

The Story:

I have been wanting to meet Christine for a while and I was not disappointed with our erotic encounter. I asked for Christine to dress as a sexy secretary with black stockings and suspenders and she looked like ravinshing. I was invited to have a glass of wine (soft drinks were available too) and we sat and chatted for a few minutes, whilst business was conducted.

One of my fantasies is a striptease and I asked Christine to perform one for me. There was definitely a lot of tease, as the layers were slowly peeled off uncovering more and more of her soft beautiful skin.

After one of the most erotic dances I have ever experienced we moved to the bed, where Christine kissed me deeply on the lips and all over. Oral sex followed and her skills are perfect, she is so gentle and careful to tease just enough. She was clearly enjoying herself just as much as me. I was really, really hard by this point so we slide a condom on and had sex in various positions including 69 and missionary. The best thing was we both climaxed at the same time, leaving the experience truly exhilarating.

Christine offered me a shower and a back massage afterwards, which I gladly accepted, and then I was on my way back into the cold. I had no sense of being rushed at all and thoroughly enjoyed the experience.
