The Premises:

Lower ground floor flat near Staples. Safe area, clean, modern flat, nearby car park nearly full.

The Lady:

Dark haired, mid height, early 20's, nice slim slim body but with well rounded boobies and bum. From southern France.

The Story:

Greeted Veronica using my (long ago) schoolboy French but quickly had to revert to English! She has previously worked in Spain and London so not a student as website claimed but perhaps that's what her passport says. Tried a joke about Veronickers quickly becoming zeroknickers but a bit too language dependant, though her English is quite good.

Massage both ways, RO and OW (OWO may have been available) followed by mish to completion. I tried asking if it was true that French kissing is known as English kissing the other side of the channel but her response was that it was not available whatever it was called!

Recommended and clearly more experienced than the "French girl next door" I had anticipated!
