### The Premises:

Nice apartment, one of those "serviced apartments" that you can rent on a short term basis. Parking outside, secure entrance and very tidy.

### The Lady:

described as a 20 year old Japanese lady, but she is a slightly older Chinese lady. Having said that she has a body many a teenager would be proud of and a beautiful smile, long black hair and breasts that just sit nicely in your hand.

### The Story:

I've been to see her 3 times now and each time it has been better than the last. The first time she did struggle to accommodate me as unfortunately for her I am a little "gifted" in the girth department.

The first visit resulted in her finishing me with OWO and CIM and then refunding me ?10 for the inconvenience LOL

The second time she had more lubricant available and she tried really hard to take it all in, and with a bit of perseverance she succeeded, and BOY what a tight pussy! I was very gentle but after a short time I felt the need for release so I popped out, removed the condom and came on her tits.

The third time was even better, she seemed quite keen "please fuck me, don't you want to fuck me?" from almost the moment I walked in and she definitely seemed to enjoy it whilst I was doing just that.

Definitely one of my new favorite girls, and such a big improvement over the dreadful EE girls I'd seen recently.
