The Premises:

Her apartment is clean and tidy, I used public transport, 10 minutes from rail station and it is easy to find.

The Lady:

The photographs and description are honest, accurate, and real. In fact I thought the photographs did not do her enough justice.

The Story:

Very nice, friendly, warm, caring, outgoing person. Easy to converse enjoyably on anything. She is also obvious in her commendable personal values. Makes meeting her truly delightful.

Mazule is obviously one who wants her customers to enjoy their experience a true high quality and genuine service provider. The services, all as described and promised, are delivered to a very high standard, even exceed expectations.

I like transparency and therefore hold importance to those who describe themselves and their services accurately; certainly the case here! Obviously when that is matched with a good experience, then there is nothing like it.

The experience was very enjoyable, sensual and one that leaves you wanting the experience to never end. I never divulge details as the experience develops from personal chemistry and mutually contributed input. I wanted a relaxed experience; that's what I got; every offering including the massage is given with a personal, warm, joyful, teasing, and experienced approach. No clock watching. More than good value for money.

I thank her, wish her all the best that she deserves and she will most certainly see me again.
