The Premises:

Well located apartment on the ground floor, close to public transit stations. The bathrooms were not very well cleaned during the party. That for me was a point against.

The Lady:

Eight girls in total from average looking to stunning. Ivana and Izabel were particularly stunning and most enthusiastic. It would be worth to go just to see these two girls.

The Story:

There is plenty of reviews about how these parties go and how are they organized so I will not go in details. Not all the girls are stunning but most of them are very nice, friendly and enthusiastic.

I managed two pops with the girls I mentioned above and I played with some of the other girls.

There was another Brazilian young girls, who was not as attractive but with whom I had a lot of fun; maybe because we are both South American.

Would I go back. Probably no, but that is because I did not really enjoy the whole party thing. It is more a personal preference than anything else.

The reason why I wrote this review is that it was my first ever party, and I found LMP to be safe, reasonably organized and well priced. That is why I definitely recommend them.
