The Story:

Patricia is a Polish student, 24 years old, and she speaks good English. She has limited social skills and tends to be on the passive side. She waited for me to make the first move and initially kissed fairly well, although became less enthusiastic later on. I fingered her a bit while we were kissing and when I took my hand away from that area after a few minutes and brought them nearer my face, the odour was very strong and unpleasant, so I did not venture to try reverse oral. Oral from her consisted of her mouth going up and down but there was little enthusiasm or variety. She does move a bit in cowgirl but not in a very sexual way and was otherwise generally passive, using lots of lube and only showing minimal signs that she might ever enjoy the act. To her credit she was not a clockwatcher. When we finished she got dressed again before I left, so maybe the shower gets little use.
