The Premises:

Not easy to find. If you go to the postcode on the website, the maid will guide you in on the phone. It was a bit quiet and exposed when I was there but suspect it's a lot more anonymous when the shops are open.

The Lady:

The photo's on the website looked too good to be true and I've been punting long enough to be fairly cynical....BUT, Mel really is that gorgeous! Slim but not skinny, really pretty with long black hair.

The Story:

Mel came in the room and immediately started chatting - She's a great conversationalist. We started out with a back rub while we talked about this and that but it wasn't long before she was stroking my tackle which rather distracted me :) I turned over for a long, deep kiss whilst fingering her lovely pussy. As she really got into this, I got her to lay down whilst I pleased her with my tongue and fingers. It took a while but she did come eventually and then set about returning the favour. Oral was covered and I didn't enquire otherwise. In any case it was deep and very good. After some time we progressed to Mish and despite my intention to try out some other positions, didn't get any further as it was just so good.

More chatting at the end and a nice kiss goodbye.

Mel's a lovely companion and I will be sure to visit when next in the area.
