The Premises:

Clean, normal, safe, mid - terraced house which had parking during the day. I drove there and parked without problems

The Lady:

The lady was working from the other site and was only a very approximate likeness to the pictures. She is young, twenties, but with a caesarean scar and stretch marks. Slim and attractive with firm tits but after checking her profile when I got home not really the girl in the picture.

The Story:

My first contact on the phone was with a sleepy Romanian who spoke very bad English and I asked her if it was OK to see her for half an hour. The conversation was a little difficult due to this combination of tiredness and lack of English on her part. This should have warned me to stay away but the pictures in her profile looked hot so I thought why not, give it a gamble.

I managed to park my car without too much difficulty and then went to her door. As I approached the door the curtains moved to reveal Loly in the window, I wonder what the neighbours think about that?

She was dressed in pyjama bottoms without a bra and a simple top. Not really very sexy but she had a pretty face although not the one in the pictures. She asked me what I wanted and told her half an hour, gave her £60 and we both stripped off.

I sometimes like the build up to a strip, maybe stripping each other, this can be a big turn-on but my impressions now was that we were here only for sex. Of course that is true but even in a 30 minutes booking there is enough time, maybe five minutes for an initial tease to make the encounter more erotic. No such luck. Strip off, onto the bed, gel and condom ready. I knew then that I had made a mistake but it was too late and so I went along with the show. A firm, almost rough OWO which was not very nice followed by a brief 69 then on with condom and missionary until I lost interest because she wasn't engaging with me in anyway. So off with the condom and then a slow hand-job that I instructed her how to do as she was not very sensitive to my needs. Eventually I came quite a lot but it was not really the happy encounter I was hoping for. While we dressed I tried to make conversation and she was in-fact quite a pleasant and likeable young lady. Just a shame that

her service was so poor.

To Loly's credit she was always pleasant and polite with me and she practised safe sex which a lot of young ladies on the other site don't do. She opened up a little bit to me towards the end when I was dressing, complaining that she wasn't always able to park her car outside her front door and how hot a day it was. So I would hate to be mean to her but her service was not very good, I didn't even get 30min because when I came she got off the bed and dressed without offering to finish the time in another way and so, therefore, poor VFM.
