The Premises:

In a quiet modern-looking estate (Bracknell has lots of these); she uses a friend's place when touring here. The place is comfortable, parking was easy, and you would feel safe here.

The Lady:

The word that best sums up Amy for me is "voluptuous". She's a big, cuddly girl, with breasts that are a boob-lover's dream - large and firm and tipped with nipples that go rock-hard when paid some serious attention. She carries herself well, and uses her considerable assets to great effect.

The Story:

I'd had a couple of false starts trying to meet up with Amy, so it was third time lucky for me when we finally agreed a rendezvous in Bracknell. When she opened the door, I knew I'd made a great choice; with a friendly smile and welcoming manner, she showed me into the bedroom, and we quickly got the formalities out of the way and proceeded to the main event.

Amy gave me a light massage to get me relaxed and in the mood while we chatted about this and that; soon, though, her hands began to wander into the pleasure zone, and it didn't take long before I was aroused. I had asked her to indulge me with a couple of my favourite things - tie'n'tease and anal play, so I was soon enjoying the attentions of her questing finger; this never fails to get me going.

Next she tied me to the bed-frame and blindfolded me, and proceeded to pleasure me with hands, mouth and breasts; by this time I was on another planet and coasting on a wave of pleasure. Eventually, I knew I had to take a more active role, so I asked her to untie me, and I took my time exploring her ample curves, paying special attention to her wonderful breasts. Then I headed south to return the favours Amy had already bestowed on me - I used my tongue to good effect, and after several minutes, received a very strong impression that she had enjoyed my attentions.

At this point, I felt it was time to bring things to a conclusion, so it was on with the "hat"; a little cowgirl was quickly followed by doggie for the climax. I was by this time, relaxed, stimulated, satisfied - and exhausted. When I checked my watch later, it seemed that Amy had been generous with her time; that seems to sum her up - she's a generous, warm-hearted type of person who's very good at what she does. As Arnie said, "I'll be back".
