The Premises:

Her place was quite hard to find (had to call up several times), hidden behind a well known estate agents in Finchley Central, near the station. Small, warm, yet untidy box room. Squeaky bed. Sufficient to do the job, I suppose. Back entrance is shared with a Vietnamese restaurant next door, so when I arrived, there was a chef having a smoke. Lots of parking after 6.30pm on single yellows.

The Lady:

Sabina is quite cute, slim, slender and petite in build. Long skinny legs, and small bust A/B cup at a guess. Quite waif like. She has long black hair, brown eyes and pale, yet sallow skin. She's Hungarian and speaks very little English from what I could tell as she was very very shy. I found her on the other site, so was cautious!

The Story:

When she opened the front door, Sabina wore just a white towel and led me thorough into a small bedroom on the left. She was friendly but really timid and hardly spoke a word. She probably understood only a little more than she could speak. Main thing she understood what I was there for, and that was fine.

I paid her the cash, and after a few seconds she came back. The walls were really thin and I could hear loud foreign voices coming from the surrounding rooms. Quite off putting to say the least. Perhaps that's why Sabina was very quiet to keep others from hearing too much? Not sure, but I ended up whispering to her throughout our session.

I asked her to take the towel off and she allowed me to feel her body all over, and play with her breasts and pussy for a while to warm her up. She gave little emotion to what I was doing to her, yet she wasn't totally cold. When I smiled at her, she smiled back cheekily and she liked kissing me, although i didn't try with tongues.

I asked her to climb on top of me on the bed, and i rubbed my dick against her clit - i could tell she was getting wetter, which turned me on loads. She kissed me as we played around a while longer.

Her blow job was terrible at first - although very gentle, shallow and overly careful, which itself was nice, she didn't put any effort into it. So I asked her for a condom and she got on all fours for me on

the bed.

Banging her was great as she did have a lovely small, round but pert arse. She was really wet, so could pound her firmly and deeply from behind. We continued in a few different positions, and we even had a giggling fit after turning her over onto her back, her pussy farted. This lightened the atmosphere a lot, which was great.

To finished I put a pillow on the floor, pulled off the rubber and asked her to suck me off. It took me a while to cum, but she let me hold her head and fuck her mouth deeper, as I still felt she was too shallow and gentle. I hoped I wasn't hurting her, and she gave no sign I was, but i was careful not to gag her.

Eventually, I pulled out her mouth and wanked myself off - a huge load erupted over her face, and a streak spurted into her eye. She laughed in shock, but let me glaze her face and her chest til i finished.

Very nice end to an initially shaky start. Lovely if overly shy young lady.

Great girl, and I'd recommend her to anyone who likes the shy type. She's not at all assertive, but didn't mind me taking the lead. If you're after a PSE, go elsewhere.
