The Premises:

I have been to this establishment before, and was aware of the basic decor, which consists of a well heated room curtains closed and outfits that none of the three girls could even think of fitting into. But it was a comfortable enough environment.

The Lady:

Marie is about 42 years old, a coloured woman, about 38D chest with nice big nipples, she is about 5'3" and around a 16. She is not at all unattractive but you do get what you pay for....see price.

The Story:

Marie started off with the usual back massage front massage, but decided to use oil without asking (for those who have partners to go back to, this is not good). She started O/W but only after cleaning the Condom (because she did not like the taste) I could not help but feel unwelcome when after just 2 mins she asked if i wanted to go on top....I said no...i'd prefer her on top(thinking i could taste those nice juicy 38D's....she declined....mish it was. The usual couple of moans....that was it. I must also point this women proceeded to tell me she was starting the change of life.Maybe she should take a year or so out.
