The Premises:

End of terrace house, clean & tidy. Don't park in Pub carpark opposite you will get spoken to. Near a busy road so pretty anonymous location.

The Lady:

Slim dark haired Hungarian, around 40 yrs old. Limited english but enough to make herself understood, in any case her mouth was full for most of the time.

The Story:

Sandra led me upstairs to her bedroom and then immediately commenced dfk with plenty of tongue action. During this she was removing her clothes and then started undressing me. She knelt down and started sucking my cock and boy could she suck, deep to the back of her throat with lots of licking, perfect. After a while I lay down on the bed and she continued sucking and kissing. Needing some respite I lay Sandra down and licked her out resulting in her trembling and getting very wet. She then got a condom but at the same time started sucking me off again. Leave it in their I thought so I shot a full load into her throat. This she swallowed greedily and continued to suck and lick my cock making sure I had cum fully. A great blow job from a lovely woman. Think I'll have another go soon.
