The Premises:

She works in Matlock road, with another eastern european girl, place is very sparsely furnished, as in the room we were in only had a mattress.

The Lady:

Victoria is very good looking, almost better than her pictures. She does smoke.

The Story:

Before we got started (but after I paid, unsurprisingly) she informed me that paying for one hour would only allow me one time of 'fun'.

She gave me a massage, if you can call it that, more like pinching my back for 2 minutes.

Then we had sex for a bit, she was completely uninterested and I pretty much wanted to get it over with, I think a few other EE women operate from the same house, so if you see an attractive girl advertising and she tells you to go to Matlock road, I would strongly recommend you avoid her
