The Story:

To be brief, she is absolutely fantastic GFE, good shag and BJ. She loves what she does, and is quite a sophisticated lady to match.

Downsides are, she kept rejecting my advances to go to the bedroom, preferring to talk, only resulting in 15 minutes between the sheets.

She really knows what she is doing in terms of GFE experience, she is also quite lovely to talk to. She definitely was not a boring experience either.

I would recommend this lady.
