The Premises:

It was a clean small room hotel in a very nice residential area.

The Lady:

She is smoking hot. Soft skin, beautiful eyes, great smile, nice blonde hair. Wonderful toned body, long strong legs, round flawless bottom and perky enhanced breast.

The Story:

She was amazing. By far the best punt I ever had. She delivers what I would like to call the girl who loves and know to fuck experience. She is very good in performing, but she is also very receptive. Meg is a smart intelligent woman who is charismatic and charming.

We start with some very sensual french kissing, just the right amount of lips and tongue. Then she start caressing and kissing my body and then my genitals. What a wonderful view was her face liking my balls with my hard member on her cheek.

We moved to sixty nine, where she deep throat my member very enthusiastically for several minutes. Eventually, she got too horny and she couldn't hold it anymore. She came while sitting on my face for my enjoyment.

Immediately, we moved to intercourse switching between several positions with me on top. She kept moaning and encouraging me and it feel like she was really enjoying herself, and that is the biggest turn on for me. I finally came with her legs crossed over my chest and completely squeezed with me on top.

It is my first experience with Max, but now I am hook. I have so many mediocre experiences and definitely Meg is way ahead of them all. I hope I will have another visit to London to enjoy her company.
