### The Story:

From all of the MK ladies I have seen over the years, Nikki posseses a unique talent. The session starts with several minutes of full on FK, while she gradually explores your body - then after the clothes are removed she continues the kissing but gadually intensifies the exploration. Then its onto the bed for a mind blowing session of OW, while you stare into those steely eyes and play with those natural brests. Finally with just 10% of the session remaining and you are just dying for completion, she climbs on top and you feel every movement before exploding into the organsim of your life.

She is not in MK often enough, so make the most of her while she's here.

Thank you Nikki its definately 2 visits on your next trip.
