The Premises:

Well reported on establishment near Earls Court station. Up to usual high standards.

The Lady:

30 something blonde of medium height and figure. In my opinion she is very sexy.

The Story:

I have been meeting Alex regularly for a number of years, and despite trying others at the Retreat I keep returning to her.

In my opinion she is sensational. Either as a cold hearted dominating bitch, or for a more GFE type experience.

During this session, she spanked my bottom for being a naughty boy, put clamps on my nipples and then clips on my cock and balls. She used one of the toys on herself, while I watched and she made herself cum, fabulous it was my idea of heaven to see Alex writhing as she orgasmed.

Mistress made me fuck her, but I was not to cum inside her.

Towards the end of the session we went into the bathroom where she pissed all over me. Mistress Alex seems able to produce copious amounts of piss, and as we had the plug in the bath I ended up bathing in her Golden nectar, as well as being forced to drink some, it tasted heavenly. Alex has the most amazing bladder control so I recommend her to all W/S fans.

Shall I return? Of course I will, and again, and again, and.....

as well.
