The Story:

I didn't realise until I got there that I had been with Amelia a few years ago. She is just as stunning as she was then but quite a bit raunchier and just seems more into the sex whereas before she was basking in her own beauty a bit last time. This is one of those encounters where you have to take mental snapshots: the sight of her beautiful face and eyes looking at me as she sucks me off expertly; her tanned, fit body with her legs up in the air as I give her a good pounding and then turn her this way and that so I can admire her from every carnal angle. To be able to share these experiences with a young babe like this is really a tremendous privilege.
