The Premises:

We met in her incall location, a truly massive chain hotel in Kensington. Reception was really busy so there was no awkwardness just strolling past and into the lifts. It couldn't have been more anonymous, but it also felt really safe.

The Lady:

Everybody seems to write things like: "she is older than in her photographs", but yes, that's what a photograph is. She is certainly very pretty. She looked really hot in her black dress. She's very tanned and she has a couple of tattoos. I find that sexy.

The Story:

The thing that struck me most was how friendly and chatty she was. She really put me at ease: it was so nice talking to her. If we had met in a pub I could have chatted to her happily for 90 minutes, never mind anything else. She loves sex, she loves her work (it was nice that she spoke highly of her employer), and she was very keen. I liked that she complimented my body. She was great like that. She was very good in bed, she really went for it in the oral, and she likes it rough (normal rough, right, I'm not encouraging you to commit a crime here). She swears a lot - be ready for this - not just generally but right at you. I liked that too. A level was included and really good. She wasn't rushing to get rid of me afterwards, and she was a good laugh. We got on well. You will too.
