The Premises:

This was my first visit to the South Kensington place and it is a really good place no doubt. Cant say more than what others have already mentioned

The Lady:

Pixie came in quietly and surprised me from the back when I was taking my shoes off and I was taken by her already. Looks like her photos online dare I say even better. What the photos dont tell you is how bubbly and fun Pixie is.

The Story:

This was the only punt I have had which did not start with the cash transactions. Pixie did not make me feel that she was there for the money and she gives the perfect GFE.

After she undressed me she got down on her knees and started slowly with an OWO. She then dragged me onto the bed where she teased my body and a then a slurpy DFK followed. Then she headed down south and the OWO continued.

On the sidenote I must say that the HOD girls know what they are doing during an OWO and each one has their own style.

I was so engrossed with her natural boobs that I almost forgot her cute and pert butt. Oh that is so cute and I brought that to my face and had simply spent some amazing time there. Then since I like pampering the girls a bit, I got her on her back and went down on her and from the looks of it made her a happy lil girl.

We ended with a bouncy cowgirl and a happy me. She spent the last couple of minutes in my arms with Pixie telling me her weekend plans for gardening at home. Only when we started getting dressed and I brought up the topic of money that she even looked remotely interested in the money.

Seriously her praise is absolutely worthy and one who looks like she genuinely enjoys what happens between the sheets.
