The Premises:

My hotel: outskirts of town and convenient for A1. Eve only does outcalls and needs to be contacted in advance. She is based in Lincolnshire but will travel within the S Yorks, E Mids areas for reasonable travelling expenses.

The Lady:

Attractive, tall, slim with very short dark hair. She has a very natural look with minimal make-up.

The Story:

Eve is new to escorting and she seemed a little nervous at the start of our meeting despite a number of chats before we met. However, she visibly relaxed after the ice was broken over a drink in the bar.

In my room, a slightly tentative and gentle start developed into an increasingly passionate and mutually pleasurable encounter. Eve is a great kisser and her oral skills are superb; she is also extremely responsive and seemed to enjoy my attempts to repay the compliment!

Eve is an inventive lover and specialises in electrastim: she showed me her intriguing box of stimulating tricks which I would love to try out when we meet again: I feel I missed out a bit this time but our time was more than adequately filled!

Eve is also great company: she is extremely natural, straightforward and completely without pretence. Time spent with her is time well spent indeed.
