The Premises:

As described before. easy to locate Pam texted me the full address/ Directions, when I called to confirm (I found it on Google Street View before I left). Unfortunately West Kensington tube was closed this weekend . So I walked from Earl's Court Area (about 25 mins) I

This being my first organised Party I don't have anything to compare but the house seemed fairly spacious.

There are three bedrooms upstairs. The first had a double bed and a single. There was a small single room and the final room (I only really watched a little bit in this room) I think had a single bed and a mattress on the floor.

For me it was lacking a more open play area although not sure how they would accommodate one at the property, perhaps using the lounge. Somewhere that would encourage a more group sex action

There were also a shower and toilet one upstairs and one downstairs.

Everywhere seemed clean enough but to be honest my mind was on other things.

The Lady:

I have decided to write this whilst my memory is fresh as I usually tend to get busy and after 1 month or so my memories gets a little vague. I hope this is not too long, but there is a lot to talk about after a party.

There were 7 Girls present “ Kate a new girl had been added to the line-up a day or so before after I had originally enquired so that was a good surprise.

I will say a little bit about all of the ladies

Sophia- Sexy black girl not sure of nationality but African. By a country mile the most attractive girl

at the party. If we are talking marks out of 10 easily 2 marks higher than any other girls, about an 8 in my opinion. I am not good with ages (even more so when it comes to other races) but I would say in her mid 20s. Very nice ass that I could play with all day. She had a little bit of baby fat round her waste, nothing major, but because she had a more statuesque figure (she seemed quite tall maybe 5'7 or 5'8 ish) it wasn't very noticeable. Nice boobs, natural as far as I could tell. Better than her picture suggests. Also I found her vary pretty with clear skin.

Unfortunately the quality takes a bit of a dive after that.

Leona- Another black girl (spoke same language as Sophia) probably similar age range to Sophia, lighter skinned (but i don't think mixed race), although much darker than her picture suggests (I hadn't even realised she was black when I looked at her pictures) Unfortunately her body was not as good as the photo. She had quite a bit of a belly (although certainly not a fatty) I still found her to be attractive facially and has a nice ass (as you would expect from a black girl). I think she had a tattoo above her ass.

Kate- British Girl, Mixed race " I think I heard her say mixed Irish and Jamaican. Her face was attractive enough (although a little of the rough and ready look about her) and had large boobs (I am not good with guessing size but at least Ds) Unfortunately she was larger than Sophia or Leona, had quite a belly although her ass was still relatively firm. Quite a few Tattoos which I like but always like more on a slim girl.

The quality then takes another dip to the point where I would never pay these girls in a 1 on 1 situation.

Luna- Brazilian girl, not really attractive in anyway. Quite large all over. Boobs felt nice (probably the only saving grace with fatter girls). She did have some sexy "Brazilian tan lines" which I remember fondly from my short spell in Rio although the girls I had there had the accompanying bodies. Her ass wasn't bad. Had a scar on her waste, probably c-section. Perhaps worst of all was the fact that she hadn't shaved her legs (for a while), come on at least a little effort please. Would probably say that the Photo is a fair reflection.

Mia- Very short asian girl (I would guess Philippino) Didn't find her attractive at all. Black girls can get away with a little bit of weight but Asian girls rely on the tight bodies and attractive faces and unfortunately she had neither. Again I would say Photo is fair reflection. Had quite a large mole around her chin.

Nicole- Of all the girls I saw her the least. Similar size to Luna. I think Polish but if not certainly Eastern European. Not particularly attractive, although very smiley.

Yazmine. Very Mature (Probably 50s). I do not mean to sound unkind but far to old for P4P IMHO. A decent set of fake tits on her. I got a little bit of the shivers every time she walked past me (she had a little bit of the Cruella deville about her). Extremely wrinkled arms (strange that this was so off putting for me) but my grans arms are not that wrinkle

The Story:

I think I will say a little about my experiences with each of the Girls before I comment on the party as a whole.

Kate a new girl was sitting in the kitchen smoking, she had a top on at this point but her boobs were very much popping out. Kate has moved to Pam's from a different London party but I didn't catch which. Kate will not be everybody's cup of tea; she is very loud and in your face, quite quick witted, some might find her offensive (especially older punters) but I found her easy enough to

deal with. I didn't really like her attitude towards the sex industry though, she seemed to be very focused and vocal about getting as much for doing as little as possible. She was talking with Pam at one point about what she says if someone asks her for OWO or Anal. She commented that she would ask them to do something they wouldn't want to do (like being fucked with strap on). I have heard this kind of crap from these female sex chat shows when they are talking about boyfriends wanting to do anal. But that is a relationship; Kate on the other hand is getting paid for this.

All that being said when it came down to the sex Kate was the best fuck of the night, we went into the single room. She was quite enthusiastic and loud, lots of body kissing (no OWO or DFK; unfortunately a recurring theme) Licked her pussy for a while, lots of positions; doggie, missionary, cowgirl. She sucked me off for my first pop of the evening. An older guy came in and watched for a while playing with himself. I tried to indicate discreetly to Kate that he could join in but she either didn't notice or wasn't interested.

Quick wash and back downstairs. More drink. Then managed to get my hands on Sophia. She walked past naked with this little chain round her waste with some killer heels. Her body was rockin. After she had been to shower she came over to me. There was some playing, pussy linking and more covered BJ, no fingering or DFK. Then into a marathon fuck with her. I take much longer the second time and I think I must have fucked her for 30-40 mins plus (sorry If I was hogging although I didn't really notice at the time and I would have been more than happy for someone to join in) Fucked her Missionary, then with her legs up over my shoulders and spoons. She wouldn't do doggy or go on top because she said I was too big. This was very disappointing considering how nice her ass was. Eventually came after going back to missionary. I found her playful and friendly but unfortunately not particularly service orientated

After going downstairs for a little food I chatted with Luna a bit. She was the friendliest girl I spent anytime with and we chatted a bit about Brazil.

I went back to sample Leona but she was busy. Some lucky guy had Sophia sitting on his face with Leona riding his dick. I chatted some more with Luna whilst this was going on. Eventually, even though she wasn't attractive, I decided to have some playtime with Luna. She gave the best blowjob of the night (still covered) but lots of ball sucking and would have let me cum on her tits. I fucked her Missionary, Doggie, and with her on top with her ass towards me and more spoons but didn't want to cum again yet.

After a quick rinse Leona was free. Similar playful personality as Sophia. Although added to the list of things I wasn't allowed to do was suck her nipples or pussy, although I was allowed to lick. Again no Doggy or her on top, also she wouldn't put her legs on my shoulders. Fucked her for a while missionary and spoons. Not close to cumming and her and Sophia started double teaming me (not in a good way) nagging that I should take a break, have a rest, "ægo get some food baby". I said I was ok but when girls nag or complain in this way it is very off putting so I let them have their way in the end.

After a few minutes rest I went to see if I could get anything from Nicole but she was tied up and wasn't really worth waiting for. Although to her credit I must say she was the only girl I saw the entire night who was kissing the clients.

Yazmine was also in the room with Nicole. Although very unattractive to me, Yazmine seemed quite friendly from what I heard and saw of her interacting with the other clients.

Went back to see Leona again and she was working on the old guy that tried to join in with me and Kate earlier. He encouraged me to join in but Leona didn't have any interest in multi tasking and told me to wait. Eventually he had Leona wanking him, Sophia playing and even Mia joined in. Good for him. I was hoping to get Leona and Sophia both on me at the same time but It didn't happen.

On the topic of Mia I found her quite unfriendly. She wasn't playing fully like the other girls (Perhaps she was on her period or something) but it did not seem right that she should be listed if she was not going to join in. She was supposedly the sexy maid for the evening. I approached her in the last hour or so of the Party just to see her reaction. I asked her why she wasn't playing today and she told me "not why, I am not playing that's it". All round bad attitude!

Went back into the room with two beds and Sophia was free again. I had seen her doing doggy and on top with the other clients so I asked her about this and she explained that only the ones with smaller dicks. She said If she has too many deep during party she gets sore. Whilst this is understandable I don't think it is anything that can't be overcome with a bit of practice, but all the girls here seem to do as little as they can get away with. For me seeing other clients get what I wasn't was very frustrating. I fondled her a bit more and she wanked me off for my third and final pop. After she hurried me into the bathroom to get changed and go (was about 11:30 at the time) normally that would have annoyed me but I wasn't interested in trying to get another session

Just a few comments about the party itself.

I think it needs some direction from management. The girls seemed reluctant to take on more than one guy at a time. Most of the time I was in a room with 3 girls and 2 other guys but there was no crossover. Even though I would have enjoyed some group action this was not too much of a problem on the day as the party was not too busy (probably because of the tube closure) The ratio was better than 1:2 all night so was not too much time waiting around? If it was busier however would have been a big issue for me.

I have seen on Pam's Forum that she doesn't tell the girls to do what services etc. That being said if you are a new girl and everybody is doing CBJ why would you do DFK or OWO (or heaven forbid Anal or CIM) when there is no real incentive. But come on no doggie!

All in all the party what not as good as I hoped it would be but not as bad as I feared it might be. The two main positives were Sophia's looks and Kate's fucking. I didn't get the feeling from any girl there that they enjoyed what they were doing.

Ultimately would I recommend?. I am on the fence to be honest. For £80.00 it's hard to argue. But for me P4P is about two things (well maybe also personality but not so important in short sessions) 1. Looks and 2. Service. Unfortunately apart from Sophia's looks these two critical elements were missing from the party. I would add that the looks alone wouldn't have been the nail in the coffin for me but if the looks are not up to scratch I expect for this to be made up for in service which was sadly not the case.

Would I return? Again I am on the fence. Maybe would be my answer, but not in a hurry. At the end of the day I did fuck 4 girls for £80. One of which was a real looker.
