The Lady:

Ilona is a real shaped lady, busty DD size with sexy nipples, outstanding voluptuous. Curvy in all the right places and an ass to embrace and fuck all the day.

The Story:

We have spent an hour together. No rush from both sides (That explains how enjoyable she is) she was well dressed up. An extremely open minded girl. I have fucked her in most of the creative positions and I really enjoyed that. She said I'm a sex machine; however I believe she was the one who made it a complete exciting time. That is the secret about having an escort that can take the lead and let you feel in heaven. All services were provided with a smiley invite.
