The Premises:

Near to the tube a very pleasant flat and very safe.

The Lady:

A brunette with firm breasts a well shaped body and big smile on her face. Camillia met me at the door in bra and panty set. I soaked it in and went for a long shower. I did want to get an hour of fun.

The Story:

Camillia kissed me as I dried myself and her attention to my tongue with the stud on her tongue excited me. She used this expertly on my cock as i fingered her cunt and licked her clit. I was building to a climax and she knew it and steadying herself recieved all my spunk with gusto. No snowball from this lady pity because her DFK is very good. A massage was pleasant and she used her hands to bring my cock to a very pleasant second erection. On with condom and sex good old fashioned thrusting and my cock disappearing into her fanny soon had me popping again. Camillia is the second of the three from this flat I will have my fill of them all. A real treat.
