### The Premises:

Nice clean establishment located just off a busy, main road.

Even at this early time of the morning, there were a few taxis and cars driving around, so had to time my entrance into the venue with all the training of a Mossad agent to avoid being seen.

Once breached, the place was found to be well maintained, accessible at the top of some wooden stairs and at the back of a garden courtyard. Inside and past the reception area there is a more formal lounge area with a strippers pole and a small stage. The bedroom i used was very spacious and well furnished.

Called a Penthouse and although that might be pushing it a bit, still a excellent venue!

### The Lady:

Alisha, Alisha, Alisha... after reading the numerous reviews of this stunning specimen, I simply had to take my chance when I found out she was working the early shift at Kittens.

Honestly this girl is unbelievable looking. To be able to spend some time with her for as little as £25, is amazing value for money in my books. Incredible dark hair, a beautiful smile and a terrific attitude. She stands around 5'3 and dress size 6/8 with small pert (but perfectly formed) boobs.

She also one of the nicest and smoothest arses you'll ever see and have the pleasure of running your filthy hands over. Small and non offending Playboy bunny tattoo on her hip.

### The Story:

Turned up at Kittens around 2am after inquiring who was working on the phone. Receptionist on the phone was absolutely delightful and purred at me seductively as well as answering all my questions. Great!!

There were 4 other punters there lounging around watching the girls dancing when I arrived and I did find this a little disconcerting. However this did give me a chance to view all the girls (although I

was already settled on Alisha before even seeing her) and all the girls were in full flow having fun on the stage and dancing around to music playing on the stereo.

There was also cake available due to it being the owner Michelle's birthday, however I declined as I was in the mood for something else...

There were around 6 girls working and all were in high spirits. There was a tall busty brunette called Sabine, a small and stunning blond called Talia and a few others cavorting around in their next to nothings.

However, and at the risk of sounding completely biased, the best looking girl there was Alisha so I was delighted this was the girl I had come down to see especially.

Initially spent some time talking to some of the other girls and then finally managed to get Alisha to come over to talk to me at the sofa. She was initially a bit quiet and succinct in responses to my questions (non shenanigan related) but find this fair enough considering it was our first encounter. However after some time, a few jokes and a bit of banter she certainly opened up and could tell she was more trusting after the 10 minutes or so we spent talking.

Once I could tell she was more comfortable with me, I inquired as to whether we could go somewhere a little more private and she explained the pricing structure to me.

£25 for 15-20 minutes or £45 for 30 minutes. I went for the cheap skate option but certainly didn't regret my decision! Didn't enquire too much into what the £45 price gets you but I'm guessing OWO/ reverse BJ.. will make sure I ask NEXT time :-)

Once in the bedroom, Alisha offered a massage that was nice and playfully kissed my chest and sucked on my nipple. Once the little general had awoken to her gentle touch and crafty hands, she proceeded with good covered BJ and offered me to suck on her tits gently intermittently.

5 minutes of this and she asked if I was ready for some "jiggy-jiggy?" Like you wouldn't believe. Sheath applied I then proceeded to be ridden like a bucking bronco. Being asked "you like?" in her sexy accent whilst being ridden by this goddess is something I'm unlikely to forget!

The remainder of the time was spent having a nice cuddle and a few kisses with Alisha telling me about her holiday plans and work (she also works Club 25 Friday/ Saturdays.)

I've read some mixed reviews about Alisha and there is no doubting she could appear disinterested or a little stand offish if you don't make an effort with her.

However try and engage her she will offer you a great experience with lots of humor, sexiness and satisfaction at a absolutely ridiculous price of only £25.

Trust me guys she is a special one!!
