### The Premises:

Well known address usual parking and facilities and at least this ones bed was quiet

### The Lady:

Better in the flesh than the photos and what the photos don't show is the warm and genuine smile that keeps coming all through the session.

### The Story:

Have wanted to meet Lorena ever since she first appeared on the web site but have never managed to book till now by altering travel arrangements and boy was it worth it!

Came in the room wearing a dress and high heels looking ready to take to any event and i'm sure most blokes tongues would be dragging on the floor.

Started with slow OWO and a technique that had me harder and quicker than any time recently, then on with the mac and sex in various positions and no lube needed.

After we laid and chated about her jobs and studies and she can hold a conversation. I just wish I could take her home but think the OH might kill me, can understand why she has no reviews I think other punters are trying to keep her to themselves.

Made an old bloke with grey hair feel realy wanted never known 45 minutes go so quick, definatly will see her again if our schedules coincide.

Thanks again Lorena
