The Premises:

Small, clean massage room with proper massage bed in a simple first floor flat in a quiet residential area near Bedfont Library (there's no other landmark around!)

The Lady:

As per her description she is an older Thai lady (certainly in her 40s) with a fuller body than many Thais, and very down to earth and charming I thought. Good enough English spoken.

The Story:

As it was my first time with Ann I asked for the standard half hour and this included a proper massage and very nice hand relief. She jokes around a bit which I like, so we had a good rapport. I hope to be back and a bit more adventurous next time.
