The Story:

This was my first ever punt and I've been umming and arghing for ages. Selected Adele because all reviews said she was nice and friendly. She was exactly that and despite my nerves she soon put me at ease.

I have very little to compare it with but my god she is sexy - blow job was amazing and she has the cutest little pussy.

Did some things to her that, on reflection, were probably a bit much for a first time (if this is GFE, will have to work my way up to PSE!!!) leaving me a little open mouthed but it was some experience which I mean to repeat

The sight of her lying on her back looking up at me when I came in her mouth will live with me for sometime:-). I smiled all the back to my hotel and got lost three times despite the satnav telling me which way to go - my head was completely away with the fairies
