The Premises:

A pleasant, discreet basement flat a few minutes walk from either Marylebone or Baker Street. All the necessary items are present and correct.

The Lady:

A genuinely gorgeous ebony lady in her mid to late 20s. Facially beautiful with amazingly symmetrical features, lovely eyes, soft lips and a smile that draws you in. Probably slightly shorter than the quoted 5 6 but Amber is very curvy with the softest skin.....and an amazingly firm derriere. The one noticeable difference from her photos is that her hair is now long and straight rather than long and wavy.

The Story:

Amber was initially on the scene for a period of about 8 months up to May 2012. During that time we met just the once and she left me stunned by the entire experience. On the day we met I suffered a rather odd injury that stopped me from seeing escorts for about 6 weeks and, just as I was about to make my second booking with her, she suddenly quit the escort scene. When I contacted her agency, I was informed that she had moved on. I marked her down as one of the 3 best escorts I had met and moved on - although my memories of that meeting remain more vivid than any other meeting I have had.

But she's back and thankfully little has changed. While her hair is now straight and she isn't quite as toned as she used to be, she remains a sight for sore eyes. Amber's look basically remains "girl you really wish lived next door". As in our first meeting she was dressed simply but exuded class. White top, short skirt, a couple of classy accessories, holdups and very high heels which almost raised her from her natural 5 4/ 5 5 up to my 5 11.

In style this was very different from our initial meeting back in March 2012. 15 months ago I expected that we would meet just the once and it turned into the most exciting and ultimately exhausting extended session of sex I have had with any escort. This time, partly due to the warm weather but also because I knew that this would not be our final meeting, it was a far slower and more intimate meeting with a lot of foreplay and sexual activity intermingled with conversation and

more sensual moments. And yes, she does indeed offer all the services stated on the Allure website to a very high level.

But what elevates Amber a long way above all but two escorts I have met over the last 10 years is Amber herself. She possesses a natural warmth and charm that creates a mood that doesn't feel anything like an escort meeting. Instead the mood created is one of two people meeting up for a sexual encounter for the simple reason that they want to. The result is a genuinely intimate, involving and exciting experience. To give just one example, about 40 minutes into the meeting I noticed that there were some strange noises coming from somewhere in the room off to my right. It turned out that Amber had turned on some music on a huge wall mounted TV in the room. I hadn't noticed the TV or heard the music such was my focus on Amber.

No real point saying anything else except..... we will meet again. But I think we both already know that.
