The Premises:

A very clean walk-up flat in the heart of Soho, situated amongst restaurants and beauty salons. The flat itself is shared, but she has a large area with two massage beds.

The Lady:

She is a really sweet girl, very quiet, softly spoken, petite, delightful body, all what I like in a Thai girl, lovely skin and small but perfectly formed breasts. She is lovely! And her face!....the photos on her site do not do her justice.

The Story:

One of the most delightful relaxed GFE sessions in a long while. One has the options of straight massage, body-to-body, or full service. I opted for the full service.

She started a proper Thai massage with me on my stomach and worked the back and legs, with occasional forays between the legs. Then, while I was still face down, she took off her gown and began a slow, caressing body-to-body, with her hands reaching under me to arouse my already eager member.

The action began when she asked me to turn over and poured oil on my cock and massaged it a while before putting on the cover and mounting me. We moved into a variety of positions, including standing by the side of the bed with her legs on my shoulders and she made all the appropriate sounds and moves.

I pulled out and went to DATY, which I think I enjoyed more than she did; wet and delicious. She then finished me off brilliantly with mouth and hand, leaving me a very happy bunny.

What makes her special is her beauty and her quiet lovely personality. She is full of smiles and her low voice says all the right things. Also, her DFK is superb; not sloppy or overwhelming, but that of a true lover.

I recommend you give her a try if in the area, or make an effort to be in the area if you are in the mood for a beautiful GFE.
