### The Premises:

Normal Ego room. Showers are less than perfect but this is always the case here.

### The Lady:

Petite, slim, small but smooth. Very, very smooth and delightful.

### The Story:

What a joy this lady is. She knows how to perform all the massage techniques to perfection and is so beautifully "sized" you can almost hold her in the palm of your hand. Small in stature but big in customer service. A great hour spent with a delightful and friendly lady. A great body massage topped off the meeting to perfection. Thank you JJ. "Very, very smooth and delightful" as someone once said.
