The Story:

Very welcoming friendly lady, opted for a tantric service after reading reviews on here,

Started with a shower and after a relaxing back massage she turned me over explaining what was happening as she blindfolded me, never let anyone do that before but trust her it does enhance the pleasures as I found. She sat between my spread legs and give the willy and tackle a lot of gentle attention.

By the time I came I was close to screaming for her to let me and saw stars with the intensity.

Never experienced anything like it. Absolutely staggering - literally as I tried to stand to quick.

She joined me in the shower after wards finishing the session off with a foaming massage to de oil me.

Well worth a punt
