The Premises:

Great venue, good for the tube. Lovely maid to greet you too. Can't fault it

The Lady:

Sadie is a little taller than I expected, utterly beautiful with a fantastic figure. Beautifully enhanced breasts and a superb bum. Well, a superb everything! Well-spoken, imaginative and adventurous, it is no wonder she has become a legend.

The Story:

Sadie had been on my radar for a while following a string of reports that suggested she was someone I would enjoy meeting. She dropped off the HOD schedules for a while but then made a return recently, so I thought I should try her out. Right decision!!

Things were running behind when I arrived, but Sadie was quick to point out that I would still get my full time. The next hour was an exhilarating journey from strangers to very intimate friends – Sadie is a girl who knows what she likes, and at the heart of that is making sure you get what you like. She is very vocal about what she wants you to do, and the list is very long and very naughty! In no time fingers and tongues were everywhere, then eventually she announces that she wants to f*ck me. Well, I'm not going to say no. I lost count of how many condoms we got through, then when I am getting close in a great doggy session she tells me to withdraw so she can finish me by hand. Top girl! There was hardly time to dress before I had to leave, so it had been a full hour of full-on sex.

She specialises in role play and says it is a favourite of hers, so next time I will try exactly that. While following this hobby I have tried a few different girls and usually want to go on to try someone else next. Sadie is much better than that – I think I am going to become a regular.
