The Premises:

The usual high standard.

The Lady:

The pictures are fairly accurate but she is thinner and less voluptuous. She is not unattractive but not as good looking as the pictures suggest and has a fairly typical look for someone from her part of the world.

The Story:

Fairly run of the mill nothing that outstanding if anything a bit disappointing. Poor GFE and gave the impression of not being that interested. She did her job so no complaints from that point of view but for the money I would not want this experience again and would not recommend her.

She has implants and although the breasts are not unattractive the scars are visible from below, for me this is a turn off.
