The Premises:

Flat in a large block 2 minutes walk from Tube. Was slightly off putting to walk past the security man sitting in the foyer, who judging from his smile, knew EXACTY what was going on! (Doubt Aisha is the only escort in this block!) Flat was tidy and clean. Shower facilities weren't wonderful, so made do with a good wash and tooth brushing instead.

The Lady:

Having visited escorts whose profile pictures have been photoshopped almost beyond recognition, how refreshing to find Aisha was EXACTLY the very pretty, slim young woman in the photos. They must be very recent indeed. Slim, well proportioned Croatian girl, lovely long black hair, soft natural breasts.... very, very nice indeed. if you like 'petite' she'll do very well.

The Story:

Apart from the 'main event' I feel the basic minimum service should always include kissing and OWO. I got neither of these basic essentials. Aisha is only the second escort I've seen in 8 years who didn't kiss. It SPOILS the overall experience. Maybe if I'd been freshly showered she might have been different in her approach, but then there should have been some towels available. Well, Aisha was a 'straight down to business' girl. She quickly undressed, got on the bed and summoned me. Personally, I'd have liked to help her undress whilst kissing and caressing... this is a turn on. Aisha likes to take the initiative. She manoeuvred into position for a 69 (seemed to enjoy receiving stimulation this way) and before I knew it, condom was on for the oral. After, she went for a reverse cowgirl without asking what I'd like (NOT my favourite position, hard to feel involved when all you can see/reach is the girl's back!) the actual sensation was very nice indeed, she DOES know what she's doing! After round 1 I like to have a rest and a chat. Aisha's English is fine, but she doesn't make conversation very easily. Nothing much to say, so I initiated round two rather more quickly than I would normally. She was perfectly happy for this and she makes all the right noises! Again she headed for the reverse cowgirl. I stopped her and turned her round. MUCH better to be able to hold those breasts during sex. When we'd finished for the second time I realised I'd only been there for about 35 minutes..... There wasn't much point in staying longer - I doubt I'd have managed a third - so I went. If she'd kissed, was more open and chatted a bit, this would have been a really nice session with a very attractive girl. I'll still tick the 'recommend' box as, if you like the girl to make

all the decisions, and don't mind about the kissing, you may well really enjoy her lovely body. I wouldn't visit again, though.
