The Premises:

was clean although the bed is small, there was client in reception that somehow had upset girl so was not a good start

The Lady:

she was fairly attractive i felt not as good as the pictures

The Story:

there as no kissing i did reverse oral she does owo and that is something i like however if i get a better performance like i do with my regular in mk then i am willing to over see that i paid £40 for the anal option which was very brief and in my opinion not worth it keep your money in your pocket, she does cim which i also like but is rare to find but you have to pay extra on top of the £40, i felt the whole experience was lack lustre and the last two punts remind me how good the girls i see at mk really are i used to visit this place when kelly, danni and jackie used to work there it is a very long way off that

and i can see it being another 10 years or so before i return

i am sorry but i like girls that at least try to enjoy it, difficult i know

to summarize it was extremely disappoint i hope my regular girl of 4 years is working for my birthday 10th september otherwise i am going to be unhappy again anyway i am sticking to mk for my next punt and not the place of my previous punt
