### The Premises:

2nd floor flat above and behind a phone shop in the St Anns Road shopping area. The entrance is pretty exposed. The room was clean and functional, the bathroom was clean enough with a shower which I did use.

### The Lady:

Carolina is as per her profile pictures on a certain website, a curvy 30+ year old Hungarian with a nice figure and good face. Her English is poor.

### The Story:

She advertises as an Oral Lover and her profiles claims ultimate GFE and like an idiot I believed both of these claims. That said she did give a fairly good and sustained blowjob without (taking some guidance from me to avoid too much handwork) and allowed CIM, she also enjoyed being licked with some finger stimulation support.

She did not french kiss and there seemed to be little or no passion, so no GFE in my view but I do feel that she gave a value for money service, I have certainly had better even at that price point but if you are in the area it would be worth a visit. For me she is a little too far away for me to invest in the 90mins it took to get there during the carnival weekend. There is another girl on the website at that address, she may be worth a try if you are in the area, Katy I believe.
