The Premises:

Clean house about 10mins walk from West Harrow tube station. Downstairs bedroom was very clean and tidy and I needed no shower having just come from another flat in Harrow on the Hill (slight mongering binge weekend for me)

The Lady:

Amy is a 40 year old Hungarian with black shoulder length hair, a slim but curvy figure with small boobs and fully shaven, she is very fit and would put many 20 year olds to shame with her near washboard tum. She said that she works out every day and I am inclined to believe her! My only minor criticism is her teeth which could use some work.

The Story:

Her face is not shown on the website pics but she has a pleasant face and is very friendly, answering the door herself dressed in stockings and a nice bikini set.

She is very clean and asked me to use the hand sanitiser after handing over the money. I guess she knew what I was going to do with my fingers later on!

Amy like to kiss and started straight away even before after the money was sorted. Once that was out of the way she was full on snogging and kissing all over.

Her oral without was pretty good with plenty of tongue and eye contact, her English is not bad but when I asked her to talk dirty she did not understand. She also really loved my own oral efforts on her and as I had clean fingers she seemed to be happy with my own digital probing, access all areas!

We did not have sex as I wanted to CIM but even though this is on offer (as well as swallow) according to her profile when I did explode she gave me what I call a semi CIM, 1st spurt went in but further stuff was deposited onto my tum. Despite that she cleaned me up carefully and slowly and then followed up with some cuddles and kisses, very nice.

She is close to 2 hours away from me by public transport but does give a well above average service. She is on my revisit list (to prove it was not a fluke!) Amy was also very busy that day (Bank Holiday)
