The Premises:

Usual apartment complex located near Tovil. Lots of girls work out of this area, all E.E. In fact have seen 2 other ladys from this particular flat alone.

The Lady:

Very pretty young (says 19) lady. Brown long hair, very slim, prob 5'5", 34B size 8, wearing a sexy school girl type outfit with heels and black stockings.

The Story:

I was caught in traffic so arrived 20mins late and then needed to be some where else afterwards, so had to rush visit (my fault). Pleased with Katies looks but she was very quiet. Stripped off, so do she, cuddle and feel of her body then onto the bed and she stroked my cock until hard, then applied condom for oral (profile says owo). Because of my lateness and rushing, felt I was going to come far too soon so asked we have sex and took Katie in doggy. Then on top to finish, where she looked away. This made me feel very uncomfortable, hell I don't expect love, just at least some enthusiasm. She is a student doing this to pay for studies. Clearly we didn't hit it off and I felt quite awkward.
