The Premises:

Massage parlour in private house. Discrete entrance from back alley. Greeted by receptionist and offered a drink of tea or coffee. I use this parlour regularly and have seen most of the girls more than once. Sometimes when they have been running late I have waited in the downstairs lounge whilst I could hear action in the bedroom above. I find this quite a turn on.

The Lady:

Tall, blonde, slim 40ish

The Story:

Ashley entered the room wearing a halter neck top and panties which she removed immediately so no bra marks on tits. Lovely tits and cute pussy. Ashley lay me face down on the bed and gave me a thorough massage. She then turned me over and lay on the bed beside me. We French kissed and cuddled whilst I played with her nipples and pussy and she played with my cock. She then fitted a condom to my rock hard cock and gave me oral to make sure I was ready for sex. I entered her and we had lovely slow sensual sex. More like a lover than a parlour girl. On other visits I have also given Ashley oral, but I did not this time. After clean up Ashley showed me out and gave me a goodbye kiss.
