Explicit details are best gleaned by a personal visit, go and see for yourselves, I am sure you wont be disappointed.

From the movements and wriggling that was going on while I was enjoying a "little lower" exploration with my mouth / tongue N seemed to very much enjoy herself. We spent a lot of time in sexy embrace with other touching kissing licking wherever we pleased as well as .....;-) . Very sexy.

I managed to be a little early but was invited straight in. I do like that. Not like some that keep you waiting until the dot of time.
