The Premises:

This is a private massage place in a discreet, intercom entry, flat not too far from Chancery Lane tube.

It has a shower facility.

The Lady:

Nicole is a pencil slim, East European girl. She can only be late teens or 20 at the most and with tiny AA cup boobs.

The Story:

This is a massage/relief place and after taking a shower, I got comfortable on the bed and the massage commenced. It

was not the best massage I've had, it was very slow and with light touches. The massage was only around my neck and

mid back, nothing down below. I turned over and sucked Nicole's pert nipples and asked to see her tight, little bum.

I would say that is her best feature. The relief was suitably nice and slow and I had a relieving orgasm.

I believe the flat is shared by other girls.
