The Premises:

Charlotte has a nice flat within short walking distance from London Bridge station. Easy to find and very doable with public transport or car. Her flat is welcoming, very well kept and with a nice bathroom for freshening up. She has been thoughtful enough to have good quality shower products from Molton Brown, so you already feel spoilt. Her boudoir is equally inviting, not cramped or tiny and with plenty of space to chase Charlotte around the bedroom (or vice versa more than likely).

The Lady:

Charlotte oozes sex appeal. Her pictures on her site provide an accurate and teasing glimpse of a very attractive woman in her early 30s. She has long red curly hair and gorgeous curvy figure in all the right places. Gentlemen, you will likely be mesmerized by her physique. I can't accurately say how tall she is but no taller than myself (5 feet 8") and anyway I spent a good amount of time on my knees, so hard to tell.

The Story:

This was not my first visit to Charlotte but I have not yet posted a review on this site. I have regularly visited Charlotte when I have been in London and she remains amazing, stunning and the stuff of fantasies. Despite having seen her several times now, there is a nevertheless still a thrill when I approach her front door.

As always, she greeted me very warmly, something very alike to how a real lover would. I won't detail everything which occurred here, but as other gentleman have written, Charlotte is a woman who enjoys her profession and I have consistently enjoyed a true GFE with her. She is very passionate and will give you her full attention without monitoring time. She is absolutely not the type to fake parts of her body or her enjoyments She is very easy to get along with, broad minded and non-judgmental. In short, Charlotte will treat you as a King. Women with her qualities should be valued and respected, gentleman.

Like a true lover should exude, I have left with a sense of closeness from her in addition to huge satisfaction and a promise to return to Charlotte soon.
