The Premises:

Flat about 10 and 15 minutes walk away from West Brompton and West Kensington Tube stations respectively. Clean flat, bathroom a little basic and could do with some basic plumbing (i.e. bath plug needs some clearing). Not sure about parking, but is a safe place during daylight hours.

The Lady:

Tall, about 5'10 in height. Slender, weighing about 60kg. Hungarian with short blonde hair, accurate pictures and she is an attractive woman in her early twenties.

The Story:

I have been to this place before where, like a number of places along the District Line in West London, there are a number of independent working girls. On the whole the experiences have been positive, but this was among the best of them. Emma was really friendly and had a genuinely warm smile. She has an excellent figure which given her height, seems far sexier in the flesh than her pictures suggest. Excellent oral skills followed by climaxing with sex in the 'doggy position'. I was a little tired by the time I visited her so I didn't perform as well as I might have, but it was still an enjoyable experience. A very stimulating massage followed, her teenage past as a ballet dancer ensured that she is quite strong despite her slender frame. Indeed to get a feel of her lovely body and skin, I gave her a massage afterwards which she seemed to really appreciate. Left soon after that and may well return which given that she does not do rimming (I have only returned to those who do), speaks volumes. To anyone tempted to visit, treat her well.
