### The Premises:

Central Milton Keynes - Annabella's has a number of flats near the shopping centre.

### The Lady:

Attractive Czech lady - pretty much as per her photos although the ones on twitter are probably more up to date. Just one minus point was that, although it did not put me off at all, there was a taste of cigarettes when we kissed.

### The Story:

I'd asked Angelica to dress as a sexy secretary ready for some spanking action and she wore tight leggings and a blouse which was opened far enough to show her pert breasts as she was not wearing a bra. So far so good - over my knee she went and after a bit of fondling of her very shapely bottom it was down with the leggings and a few sharp spansks to start with, which she obligingly counted. She took a fair spanking, having just asked me to make sure to leave no marks. Next off came her panties to reveal her bottom at my mercy in all its glory and then more spanking over my knee took place, followed by her standing and bending over on to the bed with my hand continuing to warm her derriere. What Gabby who was sitting outside in the lounge must have thought of all this I can only guess given the noise coming from the room, although she did give me a strange look as I left.

After the punishment was finished it was on to a more normal session with lots of kissing and sex in a few positions, owo and ro - she does allow fingers inside which I always appreciate. Her bottom was pleasingly red by the time we'd finished but as requested I left no marks.

Angelica is attractive without being stunning and provides a good service. Her breasts are very shapely and she has a good tight figure - she undoubtedly works out to keep in shape and it pays off.
