The Premises:

end of terrace in block near to college in Bracknell - fairly clean and reasonably discrete

The Lady:

attractive Romanian (she said she was from Hungary but I don't think so) girl with fish tattoos on back and leaf on her front.. very slim and sexy figure

The Story:

having seen her pictures I thought I would give her a go (seen other girls at this place too) - should have known better and walked away when she could barely speak English but went along. She was very mechanical and tried to hurry me along. Said price included CIM and OWO but after a quick wank (with all her clothes on still) put condom on and gave a quick suck. Positioned herself so her to touch her too much and she didn't chat at all.

advert is VERY misleading - don't waste money on her.
